II. APPROVAL OF THE AGENDA

AGENDA

- I. ROLL CALL
- II. APPROVAL OF THE MINUTES
- III. CHAIRPERSON'S REPORT
 - A. STEERING COMMITTEE UPDATE
- IV. OLD BUSINESS
- V. NEW BUSINESS
- VI. USS NOMINATIONS
- VII. ANNOUNCEMENTS
- VIII. ADJOURNMENT

Sen. Aaron motioned to remove the runoff elections from the agenda because USSERC did not have a quorum. The agenda was approved unanimously after it was agreed to remove the runoff elections for Steering members.

III. CHAIRPERSON'S REPORT

Higher Education Action Day

USS Agreed to co-sponsor higher education Action Day on February 28, 2024. USS will be paying for the buses, which will cost \$14,000. Previous estimates were for \$19,000 so our organization was able to save some funds. If you RSVP for higher education Action Day, you should have already received a follow up email from Meghan from NYPIRG and NYPIRG will be responsible for giving you more information about the bus pick-ups on that day. Buses will pick up students from all five boroughs, we currently have about 600 students RSVPs for this event. We are excited about the participation thus far.

TedEx CUNY

USS will be cosponsoring TedEx CUNY for an amount of \$2,999. The funds will go towards covering equipment and rental for a theater and equipment rental.

CUNY Coalition for Students with Disabilities

USS is co-sponsoring the CUNY Coalition for Students with Disabilities empowerment day. USS will be promoting and participating in this event.

Metrocards for delegates

The Steering Committee passed a resolution to purchase up to \$6,600 for MetroCards for our delegation, with the goal of promoting our legislative goals by making it easy for us to move around the city to either attend tabling events or to attend the different initiatives or activities for USS. Metrocards will be given to members strictly based on their participation in USS events.

Director of Public Affairs, Communications, and Technology

The second resolution that the Steering Committee passed is to create the position of Director of Public Affairs communication and technology for USS. The goal will be for this individual to focus on the website and public relations for USS. Though it involves marketing, this position is not a marketing position. It is designed to shape the branding of USS because our organization is involved in several partnerships and initiatives. The Chairperson will appoint someone by the next plenary.

Both initiatives adopted by Steering are pilot initiatives designed to be for this year only. If successful, we hope that future delegations will adopt them as well.

Lastly, related to staff, Kasson Mangin will serve as Legislative Director. USS is still fielding candidates for the position of Executive Director.

CUNY Board of Trustees adopts new schedule to recognize more cultural holiday

CUNY Students will no longer have class on Eid al-Adha, Eid al-Fitr, Diwali and Lunar New Year. The Board of trustees has designated them as official holidays on the CUNY Academic calendar starting on the 2025 - 2026 Academic Year. This decision represents our tireless advocacy for years as Students in USS and beyond. Knowing that the many CUNY students who celebrate Eid al-Fitr, Eid al-Adha, Lunar New Year and Diwali will finally now have their holidays formally recognized with classes not being held on those days is a huge step towards equity.

This an issue which USS and several student governments have been championing for years. Thank you to all the student leaders who made it happen.

Legislative Agenda

USS had a training at our last session to gear our students for the upcoming legislative session. We are advocating for several initiatives, including, student wellbeing initiatives, CUNY cares, academic advisement, supporting CCSD and advocating for more resources for accessibility on our campuses, the new deal for CUNY, as always, and we are supporting collective bargaining because if we want great education we need to invest money in our faculty.

Our primary campaign, one that is off to a great start, is our free MetroCard for CUNY students initiative. We have launched a campaign for students to share their stories about the difficulties

and cost of commuting in NYC. This initiative has been shared on social media platforms and is getting a lot of traction.

NYSABPRAHL Legislative Conference

USS delegates did a great job during this conference. Students met with legislators and were able to send a unified message about our agenda. Particularly, our free MetroCard initiative. We have heard from legislators that the initiative could be introduced in the conference this legislative session. This could be the beginning of the momentum we need to adopt this initiative into the budget.

Somos el Futuro Legislative Conference

This legislative conference is coming up soon and we encourage delegates to sign up.

March in March

This is a USS initiative and rally that we have annually. The goal is to build momentum as we build awareness for our legislative initiatives. We are leaning on you to help get the word out. The goal is to involve more student governments. We are going to invite them to join us and get them to join. The march will be on March 15 and it will go from City Hall to Brooklyn Borough Hall.

IV. USS BUDGET FOR FY 2024

Chairperson Doumbouya announced that the budget is part of old business and has been discussed at length and adopted by the Steering Committee.

Sen. Barenboim motions to approve the budget as presented, the motion is seconded by Sen. Barron. The motion passed: {30 Yes, 1 No, 2 Abstentions}.

V. NEW BUSINESS

Sen. Fernandez inquired about ways to increase Veteran student representation within the university. There is no current role within USS dedicated specifically to veterans' students. She clarified that these students are different from nontraditional students and should have a specific role within the CUNY student leadership to advocate for them.

Sen. Aaron noted that there are Veteran Student Organizations on the local campuses and those are great resources for students. Every campus has a Veteran Coordinator on their campus. In addition to that, there is often a Veteran Students Organization. If there is something specific that needs to be addressed as far as veterans' students are concerned, it could be brought to a specific USS committee.

Sen. Pegues stressed the point that Veterans have specific concerns that require advocacy.

Sen. Gregory mentioned that a similar discussion is happening at CSI. At CSI, Veteran students fall within the umbrella of nontraditional students. This makes sense for USS at and student leaders generally because it offers flexibility to tackle several different concerns. If this is not clear within the guidelines of USS as to how it is addressed at the university level, then it should be clarified.

Prof. Fernandez points to a university report done at CUNY about a decade ago which recommended simplifying services by having them come together and provide a central place for veterans to go at the local campus. Veteran students continue to be a neglected population within our university.

Sen. Doumbouya noted that this issue will be referred to the committee for further discussion.

VI. NOMINATIONS

Prior to beginning the nominations, the delegation must agree on a nomination procedure.

Sen. Aaron, after accepting a friendly amendment from Sen. Barenboim, motioned to have a 1 minute nomination and 2 minute acceptance speech per candidate with 5 total questions from the delegation.

Sen. Williams nominated Sen. Farlana Fray. Sen. Williams delivered a nomination statement. Sen. Farla delivered an acceptance statement.

VII. ANNOUNCEMENTS

Project Coordinator Araujo thanked members who participated in the Albany Legislative conference in February. He encouraged students to RSVP for the upcoming Somos el Futuro legislative conference.

Chairperson Doumbouya announced that the procurement deadlines for USS have been lifted. The procurement deadlines that are associated with the CUNY fiscal year do not align with that of the University Student Senate. Chairperson Doumbouya talked to members of the CUNY administration about how this is impractical and poorly serves student leaders trying to carry out their agenda.

Sen. Aaron met with the procurement director and reported that the process works but it is a fairly slow process. She is working to involve student representatives in the process so that they are aware of where in the chain of events is within the procurement process.

Sen. Hanon reported that the Graduate Center has students involved in the process of putting things through CUNY Buy. It is important for students to have access to the chain of events that happen within the procurement process.

Chairperson Doumbouya announced that there is USS related merchandise at the office available for pickup at the USS office.

VIII. ADJOURNMENT

Sen. Fernandez motions to adjourn the meeting, the motion received numerous seconds. Motion passes unanimously. The meeting is adjourned at 1:54 PM.
